

DORRAA

Daria Morgacheva · Toronto, Canada

Composer · Electronic Musician · Sound Artist · Live Performer

ARTIST

Dorraa is the project of Daria Morgacheva — Toronto-based composer, sound artist, and keyboardist. Classically trained in piano and jazz improvisation, she brings a methodical, experimental curiosity to music — delicately testing new ground through sound without breaking convention for its own sake. Her work moves fluidly across techno, breakbeat, folk melody, and fluid piano improvisation, grounded in deep rhythmic sensibility and emotional precision. Live, her sets unfold as immersive rituals — instinctive sampling, hardware improvisation, and lush piano textures in constant transformation.

Her 2026 release *Lado / Polyanka* (Turbo Club AV) draws on Russian wedding songs and Bulgarian folk music, woven into club forms — a reflection on ancestry and the experience of immigration. Co-founder of Borscht — a Toronto platform for experimental music through radio, events, and releases.

PRESS

“Torontonians Daria Morgacheva makes experimental music in the most literal sense: not abstract or breaking convention just for the sake of it, but in a way where you can tell that she’s delicately, methodically testing out new ground with whatever she does.”

— Joe Muggs, [Bandcamp Daily · Best Electronic July 2025](#)

“Her tracks all feel like otherworldly living environments that you enter, walk around, smell the flowers.”

— Joe Muggs, [Bandcamp Daily · Best Electronic January 2024](#)

“Her live shows are immersive rituals — moments of collective resonance crafted through instinctive live sampling and improvisation.”

— [MUTEK Montréal · official artist profile](#)

“Garden of Magic tisses un set live où grooves profonds, polyrythmies et textures pianistiques luxuriantes s’entrelacent en temps réel — un kaléidoscope sonore en perpétuelle transformation.”

— [Rinse France · MUTEK invite, May 2026](#)
